

ACTIVITY

Make a Spring Splash crown

Instructions: Start by coloring the parts below. Then cut slots into the top part of the front side to make "tines" on the crown, like blades of grass. Afterwards, cut out the front crown and the back bands and tape them together, to fit. You can add stickers or add other decorations, too!

TAPING EDGE

BACKSIDE BAND

BACKSIDE BAND

TAPING EDGE

TAPING EDGE

This section contains two identical vertical rectangular templates for the crown's back bands. Each template has a 'TAPING EDGE' label at the top and bottom, and a 'BACKSIDE BAND' label on the right side.

TAPING EDGE

FRONT SIDE

TAPING EDGE

This section contains a large vertical rectangular template for the front side of the crown. It has 'TAPING EDGE' labels at the top and bottom, and a 'FRONT SIDE' label on the right. In the center is an oval graphic with the text 'Heartwood Hotel' written vertically, a heart icon, and a small tree branch illustration.
