12. Fold in half.

13. Slip fingers inside the flaps to open up.

Begin with the thumb and index fingers of each hand in the four pockets. Have the person whose fortune is being picked one of the colors on the top four flaps. If the color is blue, spell out the letters of blue while alternating a pinching and pulling motion with the Teller. Each pinch will expose four of the numbers on the inner flaps, and each pull will expose the other four numbers. After spelling out B-L-U-E, the Teller will be showing one of the sets of four numbers. The other player will then pick one of those numbers, and the responding action is the alternating pinch and pull from the first round, except it continues with a counting of the number instead of spelling the color. Once the number has been counted, four numbers will be exposed. After one is picked, the fortune under that number is read.
